Snapshot report

Under the agreement for 2014
Clarendon State School received

Our full 2014 agreement can be found here: Link to 2014 GRG

Our school strategies are showing substantial progress toward our targets

After reviewing our Great Results Guarantee agreement, it is clear that we have made progress toward our targeted student outcomes. We will continue to focus on maximising the benefits of this funding for our students, and adjust our strategies as needed to ensure every student succeeds.

Strategies implemented include:

- Continual collection and analysis of student performance data to inform planning at a student, class and school level.
- Alignment of teaching strategies to the differentiated needs of our students.
- Explicitly teach to the needs of students; and continually re-assess students to monitor distance travelled.
- Obtaining appropriate resources to implement school wide strategies to facilitate and support literacy and numeracy development.
- Improving the capacity of Teachers and Teacher Aides to work with students who require focused and intensive literacy and numeracy intervention through targeted professional development.
